Description

This course is offered to students who are comfortable with the Arabic script and sounds, elementary grammar (including sentence structure, gender and plural agreement, tenses and negation) and basic vocabulary. Jordanian dialect course hours are front-loaded to build a foundation of communicative competency upon students' arrival in Amman. After the first week, course hours taper to an average of 5 hours per week.

Driven by the concept of communicative proficiency and the goal of functional competency, CET Jordan treats Arabic language as one system of communication, guiding students to employ the appropriate register to perform a variety of real-life communicative functions. CET's Modern Standard Arabic (MSA) and Jordanian dialect courses focus on their respective registers, however; overlap is encouraged in a way that mirrors the diglossic nature of the Arabic-speaking world.

The course employs a student-centered approach and focuses on communicative competence through the completion of concrete tasks, both in and outside the classroom, including interaction with native Arabic speakers. In order to prepare students for daily interactions with local people and engagement with contemporary Arab culture, class sessions incorporate elements of written and aural media produced for native speakers. Students practice interactive functional skills such as listening comprehension and conversation strategies, (linguistic and cultural) working to communicate effectively on an increasing range of subjects and integrate Jordanian dialect into their preexisting knowledge of MSA.

Objectives

Upon successful completion, students:

- Distinguish between MSA and Jordanian dialect, recognizing basic phonological, lexical and syntactic differences
- Understand simplified grammatical rules of Jordanian dialect
- Pronounce Jordanian dialect letters and words correctly and utilize high frequency phrases and words with ease
- Functionally use Jordanian dialect to communicate in daily life situations (airport, home, *souq*, taxi, doctor, restaurant) and discuss elementary topics
- Correctly construct simple paragraphs
- Basic understanding and use of the three tenses (past, present, future)
- Utilize vocabulary in simple contexts with proper subject-verb agreement, adjective agreement and tenses

Course Requirements

The pace of instruction is intensive. Students are expected to thoroughly prepare for each class and to actively participate. In-class activities and homework may include listening to audio materials, memorizing new patterns and vocabulary, completing written assignments, reviewing material learned the previous day, and activating new vocabulary. Class attendance is critical for success in the course, as is learning how to engage and navigate Jordan's cultural environment.

All homework assignments are due at the beginning of class and late assignments are not accepted. Quizzes and pop quizzes are administered throughout the term. Each month, students prepare a project connecting to the subjects and learning objectives covered that month. During the final week, students undergo an oral interview exam covering the depth and breadth of material covered throughout the term. Individual interviews last approximately 15 minutes. Each student is required to create and record an original skit, individually or in a group, to be submitted to the instructor during the final week of classes. Vocabulary used in the skit is drawn from vocabulary previously covered in class.

In addition to time in class, students should expect to spend a minimum of one hour studying for every hour spent in the classroom. Field-based excursions, for which attendance is required, may include a cooking activity, café activity, and farm activity.

Grading

Students are evaluated in the four language skills (speaking, listening, reading and writing) through quizzes, skits, oral exams and class participation.

The final grade is determined as follows:

- Participation: 20%
- Homework: 20%
- Exams and Quizzes: 30%
- Monthly Projects: 10%
- Final Oral Interview: 10%
- Final Skit: 10%
