

OPI AT CET JORDAN

WHAT'S AN OPI?

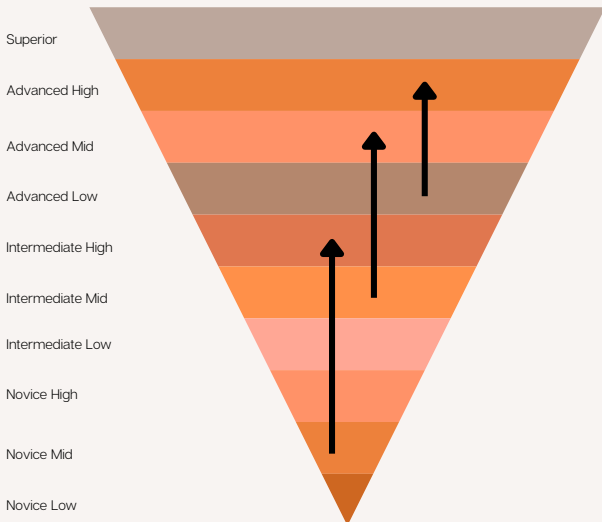

An Oral Proficiency Interview (OPI) is an objective measure of your language progress and level developed by the American Council on the Teaching of Foreign Languages (ACTFL). All CET Jordan students complete an OPI as proof of the oral proficiency gains they have made while abroad.

SEE HOW MUCH CET STUDENTS IMPROVE

The ACTFL Proficiency Guidelines are divided into four major levels (Superior, Advanced, Intermediate, and Novice). Novice, Intermediate, and Advanced levels are further divided into Low, Mid, and High sub-levels.

How many sub-levels will you advance at CET Jordan?

IF YOU START AS...

ARABIC IN EVERYTHING

Top-tier instructors, a customizable curriculum, and one-on-one support help your Arabic grow inside the classroom. But CET students see even more gains because of the intentional program design that infuses Arabic into housing, co-curricular activities, and program excursions around Jordan.

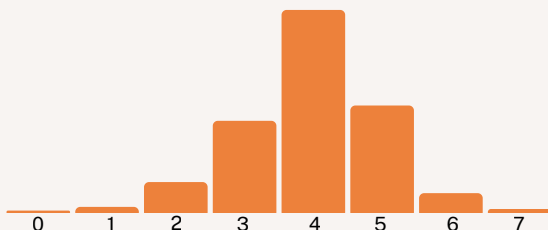

REMARKABLE GROWTH:

92%

of students improve at least three OPI sub-levels

MORE THAN A DECADE OF CONSISTENT GAINS

Term after term, CET students make incredible strides in their Arabic oral proficiency. Since 2011, the majority of CET students have improved at least 4 OPI sub-levels in one term.

REAL WORLD APPLICATION

What are the practical outcomes of these language gains? By the end of a term at CET Jordan, a student can:
